## **Murray Bridge South Primary School**

**Be Safe. Be Kind. Be Ready to Learn.**

**Approved: July 2021  
Reviewed: July 2023**

**Government of South Australia**  
Department for Education

## **Purpose**

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, **smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement**. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

## **Mobile phone use for primary school students**

**The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:**

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

**During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.**

## **Storage of personal devices**

Devices are to be stored in the Front Office. Students need to hand in their device, where it will be put into safe storage and returned at the end of their school day.

Phones are to be turned off when handed in.

If the student does not comply

Possible outcomes:

- Students are given an opportunity to hand in their device.
- Students phone to be confiscated and placed in safe storage until parent /carer is spoken to.

## **Roles and responsibilities**
